

ABOUT ME

As a passionate and highly motivated Full Stack Developer with a strong foundation in both front-end and back-end technologies, I possess a deep understanding of web development principles. I have hands-on experience with programming languages such as HTML, CSS, and JavaScript, and frameworks like React, Node.js, and Express. Additionally, I am proficient in working with databases like MongoDB and MySQL. With a keen eye for detail and an eagerness to learn, I am committed to delivering scalable, responsive, and user-friendly solutions using OOPS concepts. I am driven to continuously enhance my skills in both front-end and back-end development to contribute effectively to the creation of innovative and efficient software solutions.

I have hosted my projects on Neocities and shared them in GitHub repositories.
